TO ADVERTISERS OUTSIDE OF BLOOMFIELD.

Those who may wish to secure the attention and patronage of people residing in Bloomfield should make note of the fact that THE RECORD is, and always has been, *the only newspaper published and printed in Bloomfield.* It has a large and constantly increasing circulation, issued only to actual, paying subscribers, comprising the very best class of readers, and who regard THE RECORD as their home paper. Its advertising columns, representing nearly every mercantile and manufacturing business in Bloomfield, show that it is appreciated *at home.*

The publisher makes these statements because many instances have occurred where merchants in Newark and elsewhere, through misrepresentation and deception, have been induced to advertise where they would not have done had they known the facts stated.

The Amended Civil Rights Bill.

Senator Frelinghuysen, from the Committee on Judiciary, on Tuesday reported the Civil Rights bill presented on the first day of the session by the late Senator Sumner, with an amendment and a recommendation that it be passed. The following are the leading features of the law:

All persons within the jurisdiction of the United States shall be entitled to full and equal enjoyment of inns, public conveyances on land or water, theatres and other places of public amusement, and also of common schools and public institutions of learning or benevolence, supported in whole or in part by general taxation, and of cemeteries not supported, subject only to the conditions and limitations established by law and applicable alike to citizens of every race and color regardless of any previous condition of servitude.

Any person denying to any citizen any privileges conferred by the bill shall pay five hundred dollars to the person aggrieved, and shall also be deemed guilty of a misdemeanor, and upon conviction thereof shall be fined not less than $500 nor more than $1,000, or be imprisoned not less than thirty days nor more than one year. The District and Circuits of the U. States are given, exclusive of the courts of the several States, cognizance of all offences against the bill, and actions may be prosecuted in any United States court wherever the defendant may be found without regard to the other party.

Any District Attorney who shall wilfully fail to institute and prosecute the proceedings required shall, for every such offence, forfeit and pay the sum of $500 to the person aggrieved, and upon conviction thereof be guilty of a misdemeanor, and be fined not less than $1,000 nor more than $5,000.

No citizen shall be disqualified for service as grand or petit juror in any State or United States Court on account of race, color, or previous condition of servitude, and any officer who shall exclude or fail to summon any citizen for that cause shall be fined not more than $5,000. All cases arising under the act may be reviewed by the Supreme Court of the United States.

The Loss of the Europe.

The steamship Greece of the National Line, with the passengers and crew of the French steamer Europe, abandoned at sea in a leaky condition, on the 2d of April, arrived in New York on Monday. Dr. L. S. Burridge of Boston, a passenger, said there is no doubt in his mind that the leak was caused by bad workmanship in the lengthening of the vessel. A report of the unsafe condition of the vessel caused a wild confusion among the emigrants. This continued until the Greece came in sight, when the Europe immediately displayed signals of distress, and as soon as they were within convenient distance they sent boats to take off the passengers. Three hundred and seventy-nine persons were transferred from one vessel to the other in small boats, with the sea running to a tremendous height, in two hours and a half. The Greece lay by the Europe all night, and at 5 o'clock the following morning an examination by the officers was made and the opinion reported that the ship could be easily saved and taken to port. A number of officers and seamen from the Greece offered to take charge of the disabled ship. A volunteer crew under Mr. Buck, first officer of the Greece, went on board and the two steamers parted company, the Europe under sail and headed eastward. It will be remembered from the cable dispatches published on the 7th of April, the National Line steamship Egypt arrived at Liverpool, having on board First Officer Buck and a salvage crew belonging to the steamship Greece, which had been rescued by the Egypt from the steamship Europe.

Subterranean Disturbance in Nevada.

About three minutes' walk in an easterly direction from Main street, says the *Gold Hill News*, there is to be seen a most wonderful phenomenon. The ground, either from an earthquake or some other cause, has recently split open for at least a quarter of a mile. The crevice thus created, starting at Fort Homestead, crosses the railroad track, and thence pursues a nearly southerly direction down the west side of the canyon, embraced between Fort Homestead and the hill beyond. It then crosses the canyon and extends for a considerable distance up the west side of the hill last named. The crevice varies in width from one to twenty inches, and in places appears to be bottomless. The most interesting locality to visit first is directly east of Postmaster Chulbuck's residence. In going to the locality indicated, it is necessary for the visitor to cross the canyon named above. The crevice or chasm throughout its entire extent is as straight as an arrow, and is of recent origin. It was first discovered by our fellow-townsman, Mr. Fleming, an old prospector. That it is something more than a landslide, is evident from the fact that it crosses the canyon in a direction nearly at right angles to the same. Our reporter, who visited the scene of the earth opening, lost all trace of the same at the fort. It is possible, however, that it extends northerly as far as the Imperial Works. The ground upon which the town of Gold Hill is built seems to possess the element of instability, and in many cases the water pipes have pulled apart and the boilerbeds have got out of position owing to this circumstance.

CURRENT CLIPPINGS.

The maple sugar yields in New Hampshire this year is reported to be unusually large.

A Chicago lady, with a turn for fine arts, recently ordered in writing "One marble figger of Apollo."

Instead of saying "It's a long time between drinks," Western men now remark, "It's a long time since I signed my last pledge."

The Council of Jeffersonville, Ind., has passed a most stringent ordinance making it penal for boys to loaf in grog-shops.

Sixteen years ago Tom Kenyon went to Kansas City without a cent, and the other day he signed a check for $16,000. He signed with another man's name, and his supply of freedom's air has been abbreviated.

Gov. Ames of Mississippi has gained a good deal of popularity by dispensing with wine at his recent reception, thus freeing the State from the disgraceful drunkenness which on many former occasions has stained such gatherings.

The results of recent experiments in cremation were recently laid before the Lyceum of Natural History, by which it was shown that a person weighing one hundred and fifty pounds could be reduced to five and a half pounds of ashes. This is getting the arguments in favor of the system down to a pretty fine thing.

A new method of preparing coffee is becoming popular in France. After roasting, the coffee is ground to a very fine flour, which is then slightly moistened, mixed with twice its weight of powdered sugar, and pressed into tablets. Coffee prepared in this manner is claimed, pound for pound, to be susceptible of far more complete utilization.

In Indianapolis the other day a three-and-a-half year old child climed through an attic window and walked along the edge of the roof, thirty-two feet from the ground, the whole length of the house, and there stood unconcerned and enjoying the prospect. She was seen by the maid of all work, who pleasantly called out, "Come down; I've got something for you." "All yite," cried the little one, and she retraced her steps and disappeared through the attic window in safety.

SATURATE A PIECE OF BREAD OR MEAT with gastric juice, and it *will dissolve.* This is digestion. Add to such a mixture a little alcohol, and it will *not dissolve.* This is *indigestion.* Beware, then, of tinctures, or tonics, or decoctions containing spirituous liquors. Shun all rum "tonics," and rely solely on DR. WALKER'S VINEGAR BITTERS, the finest digestive invigorant known, and free from the fiery curse of Alcohol.

DR. WILSON'S BLOOD RENEWER purifies the blood and builds up the system.

Many persons in Bloomfield, Orange, Newark and Elizabeth gratefully tell of the wonderful effects of Dr. Wilson's Blood Renewer in purifying the blood, building up the system and curing the most obstinate diseases. What is said in Orange:

I have suffered with ulcerated ankles. Nearly all the doctors told me it was necessary to amputate my legs to save my life. I had give up all hopes of ever getting well. After taking the sixth bottle of DR. WILSON'S BLOOD RENEWER, my ankles healed, my strength improved rapidly. Now I can stand on a ladder and work all day at my trade (painting).

WM. A. KILBURN, ORANGE, N. J.

What is said about it in Newark:

"Get Dr. Wilson's Blood Renewer, one bottle will do more than ten bottles of any other medicine in restoring the blood to a healthy condition. I was thin, weak, Dyspeptic, weighing 126 pounds. Blood Renewer cured me of Dyspepsia—am enjoying excellent health, weighing 165 pounds."

Extract from a Letter from Mrs. John King, Elizabeth, N. J.:

For eleven months I was troubled with head-aches, dizziness, dimness of sight, and my bowels constipated and irregular. Cured by one bottle of Dr. Wilson's Blood Renewer.

Important Arrest.

The Chief of Police at Hoboken has received a dispatch from London confirming the statement that Frederick Klennen, the defaulting cashier of the Hoboken Savings Bank, has been captured in London. In April of last year Klennen fled with upwards of $60,000 of the bank's money, and the defalcation almost plunged the institution into bankruptcy. After his flight Captain Donovan learned enough to convince him that the defaulter had fled to England. He sent a photograph of him, procured with much difficulty, to Inspector Baily, of the London Police force, and soon received word that Klennen was living on the outskirts of London, under the assumed name of Weber, with a family named Strange. About the middle of February Justice McDonough, of Hoboken, was sent out with the extradition papers, and two weeks ago Klennen was arrested. He admitted his identity, and was taken before Sir Thomas Henry, who delivered him to the Hoboken officer. He is now on his way to New York, and is expected within a few days.

A pocketbook which was stolen from the office of Sheriff Teed at the Court House in August, 1872, was found Tuesday by workmen who were removing a large coal box. The wallet contained notes and checks amounting to more than $8,000.

A school mistress at Felix, Ohio, recently attempted to punish an unruly boy. He made a savage rush at her with a club, when she seized a chair to defend herself, and struck him a blow which proved fatal.
